

IMPORTANT NOTICE TO CSI RICHMOND MEMBERS:

Over the course of the next month, we will be making several important enhancements to the chapter website, all of which shall take affect before September 01, 2009:

We are linking the front page of the site to several news feeds, which will allow you to have quick, one-stop access to local and national construction news. As a result, your CSI Richmond website will become an important source of daily news feeds featuring up-to-the-minute construction-related news stories.

We are linking the site to a secure Pay-Pal account, which will allow members to pay on-line, either by credit card or through their already established Pay Pal accounts. Following payment, you may print or save a receipt for your company's reimbursement program, if you wish. This payment service will be available for Richmond Chapter monthly meetings, chapter hospitality sponsorships, Richmond Report advertisements, and purchase of the "Spotlight" page in the Richmond Report.

Monthly *Spotlight* articles will provide a live link to the sponsor's website and e-mail address, making it easier to contact the article sponsor on-line, with one-click directly from the article. Additionally, all *Spotlights* will be archived on the site for future viewing, and they will be available to search engines, such as Google when web searches include key words within the article. In order to cover the cost of formatting and coding the articles, a one-time \$50.00 charge will apply to each *spotlight* article, after which each article will remain permanently archived and accessible on the site.

Thanks for your support of CSI;

Stephen C. Weisensale, AIA, CSI, CCS, CCCA
President, CSI Richmond
